Rivet is a fixing fabric which not only connects with the modern collaborative workplace, but also forms a bridge between textile traditions and future innovation. Designed to blend the aesthetic qualities of luxury woollen apparel with modern performance sportswear, Rivet is a lightly textured hopsack which emulates the swathe of suiting in a well-heeled synthetic. Made from 100% post-consumer recycled polyester from used plastic bottles, Rivet celebrates Camira's 20 years' experience in designing and manufacturing recycled fabrics.

Rivet meets the ACT voluntary Performance Guidelines and is classified for Heavy Duty Upholstery. Rivet is a UL Recognized Component.
